ECONOMIC CHOICES

- What is a choice that my family, community, or I need to make?
- What is a goal that my family, community, or I need to achieve?
- What are possible consequences of different choices?
- Why do different households, groups, and governments make different choices?
- What has been learned by others?
- How do I apply a reasoned decision-making process to make a choice?
- How do I share my conclusions with others?
- How to I influence others to make more informed choices?
- What are the opportunity cost and trade-offs for making a choice?
