

■ What is a **geographic** question?

454

COMMUNICATE

What are local and global perspectives?

What data from maps, charts, and graphs are related to the question?

How do I use photographs or satellite-produced images to gather data?

GEOGRAPHIC INQUIRY

- How do I use maps, charts, and graphs to share my conclusions with others?
- How do I apply what I learned to other geographic questions?

SOLIK ANDOS

- What does my data tell me about the question?
- How do I support my conclusions with geographic evidence?
